

Everyone is safe, happy and comfortable at The Welbeck Federation

We respect each other and everyone understands that we are unique: different but equal

We respect each other, all children are included, and differences are celebrated

We respect everyone's differences

We are kind always regardless of colour, religion or family background

Everyone has the right to speak to an adult if something is bothering them

Everyone is treated the same as everyone else. We are ready, kind and respectful

The Welbeck environment reflects our diverse world

We keep talking and asking questions about equality and diversity

Everyone has a voice and is listened to
